Musical Theatre

This class will introduce participants to the world of musical theatre performance. It will include physical and vocal warm-ups, discussions on character development, stage presence, and vocal projection. Each participant will get the chance to work on their own musical theatre works in front of the class and at the end of 6 weeks, perform their piece (or pieces!) at a “recital” for friends and family to attend! Because we are putting on our show in December, the theme will be “Broadway during the Holidays” where each participant performs Holiday themed Broadway tunes. This will be a fun and welcoming environment for everyone involved! You’ll get a chance to “perform” in front of the most supportive community ever, your classmates! And share your work with loved ones at the end of the 6 weeks!
