

## Line Dancing Activity Plan to Relaunch

The Line Dancing Board plans to follow the guidelines of the AHS, VENUES, and FLC SENIORS CLUB to the best of our ability. The FLC Seniors Club has approved the following relaunch plan:

### Compliance:

- posting the COVID-19/VENUE/FLCSC GUIDELINES, any Venue waiver forms, and links to our Venues' operating protocols on the Line Dancing Activity website.
- posting Registration forms that clearly state that the registrant is personally responsible for their own safety
- ensuring that all registrants include a signed and dated registration form and the waiver form from WRCC, thereby acknowledging they have read and will comply with all health guidelines and Venue protocols or their registration will be denied
- reducing the number of participants per class to allow for required physical distancing. Based on floor plan dimensions and COVID-19 room capacities received for TRICO, LBCC and WRCC, and with serious consideration to travelling movements in Line Dancing, we reduced those capacities to the following: Trico – 15; LakeBonavista – 18; Willowridge - 20 in the NH, and 15 in the SH.
- face masks: as per the City of Calgary bylaw, masks must be worn in the facility until the activity starts and must be put back on as soon as the activity ends. Each participant will be responsible for bringing their own mask.
- The Line Dancing Coordinator will be responsible for ensuring compliance to the guidelines and for following up on complaints of noncompliance
- Noncompliance will be addressed by the Line Dancing Board: either a warning reminder of protocols (only once) would be given, or a dismissal from the activity for the rest of the session.

### Physical Distancing

- Refer to comment under Compliance: Bullet 4, Reduced number of participants
- Rooms having 2 doors will have a designated entry/exit
- Requesting participants to use the separate entry and exit ways indicated in the various Venues to discourage congregating in common areas
- Increased time between classes to allow for clearing out of rooms and facilities at the end of the activity before participants for next class enter

### Screening Practices

- To simplify the screening process, the class representative(s) will read out the COVID-19 Screening Checklist and ask all the questions therein to the whole group. The class representative(s) will keep a dated list of all participants and anyone who has answered yes to any of the questions. This list must be kept for 2 weeks for possible tracing purposes.
- Early arrival will be discouraged; doors will be closed at the beginning of class. **Late comers will not be accepted.**

### Sanitizing

- At the beginning, end of /between classes an activity representative(s) will wipe down surfaces (with Health Canada approved disinfectants) within the rooms being used (i.e. handles/doorknobs and benches/chairs), the Venues being responsible for cleaning common areas and lavatories
- Participants will be expected to bring their own personal hand sanitizer to use before and after the activity. Even though some Venues will have hand sanitizers at entryways, we will have a pump bottle on hand should theirs be forgotten
- Participants will be requested to keep personal items at a minimum (purses only and filled water bottles). Outer clothing will be expected to be on Venue provided coats.
- Although in line dancing classes no materials are shared, the need to minimize sharing will be mentioned at the beginning of classes.
