

## Where in the world has our Old Spokes cycling jersey traveled?

Where in the world are Ken and Linda Meville?

**France!**

We enjoyed a 5-day self-guided cycling trip in the Dordogne area of France with our son Kevin, averaging 30 km a day.

Our Old Spokes jerseys caused comments from the French people we passed.

Where in the world are Marilyn & Larry Patterson and Sandy MacDonald?

**Greece!**

The 3 of us took our Cycling Jerseys to Greece hoping to be able to cycle but we were evacuated before we had a chance.

This picture was taken in Athens and is a statue of King Konstantinos who was the first King of Greece.

Where in the world is Lynda Fielder?

**Slovakia!**

This picture is in Bratislava, Slovakia, part of a 7-day cycle & boat trip from Passau, Germany to Budapest, Hungary, along the Danube River.

Beautiful countryside. I highly recommend it.

Where in the world are Diane Trimming with Marg Dunphy?

**Holland!**

The shirts did travel from Bruges, Belgium, to Amsterdam. It was quite cold so they were often covered up, but they did attract some attention when we were on the boat or indoors for breaks.

We had to remove several layers to have this shot taken in Holland.

Where in the world are Brenda Ballantyne & Peter Ripley?

**Croatia!**

We did an 8-day Boat/Bike cycling trip through the northern Dalmatian Islands of Croatia. A cyclist in our group appreciated the 'old spokes' theme so much he took a picture and asked permission to use the same logo for his seniors cycling club in Germany. Does this mean we're now an International Club?! We highly recommend cycling the Croatian islands; we enjoyed the southern Dalmatian Islands so much the first time (2016) that we returned to a different area for a second trip in 2022!

Where in the world are Joanne Bennett and Marg Dunphy?

**Croatia!**

Joanne and Marg did a week long tour along the islands of the Dalmatian coast.

Where in the world are Leah McDonald, Gail Bischke, Bob Phillips, and Wendy Carson?

**Zion Canyon National Park, Utah!**

In the spring of 2023 this adventurist group took their bikes and headed south to St George Utah for a week of cycling.

Where in the world are Leah McDonald and Gail Bischke?

**South Korea!**

Gail, Leah, and Leah's cousin Maureen spent the month of October 2023 cycling over 1100 km throughout South Korea. The route took them through agricultural areas, hot springs, small villages and mountains and hills.

For a complete description of their journey see the write up in the Dec 2023 Bike Banter.

***Does this remind you of 'Where's Waldo' - Old Spokes style?***
